Level 1	Level 1	Level 1	Level 1

#### California Dept of Public Health Zika Virus Disease Update

On Thursday May 18, 2016, the Medical and Health Coordination Center (MHCC) was activated in response to Zika Virus Disease in order to aggregate and update information from a variety of sources and coordinate response activities across the California Department of Public Health (CDPH).

- CDPH centers and programs will assist in providing information related to their specific activities on a weekly basis. This information will be collected and included in a weekly Public Health and Medical Emergency Function (EF) 8 Situation Report released by the MHCC. The MHCC will manage requests for information from the public, healthcare facilities, and local health districts and ensure responses are timely and accurate during a time of evolving information.
- Zika Virus Disease (Zika) is spread to people primarily through the bite of an infected Aedes species mosquito. Today, more than 60 countries have documented Zika virus transmission, with over 40 reporting their first outbreak within recent months. The most common symptoms of Zika are fever, rash, joint pain, and conjunctivitis (red eyes). The illness is usually mild with symptoms lasting for several days to a week after being bitten by an infected mosquito. People usually don't get sick enough to go to the hospital, and very rarely die of Zika. For this reason, many people might not realize they have been infected. However, Zika virus infection during pregnancy can cause a serious birth defect called microcephaly, as well as other severe fetal brain defects.
- The Centers for Disease Control and Prevention, (CDC), CDPH, California Office of Emergency Services (Cal OES), State level Emergency Function 08 partners, and Emergency Medical Services Authority (EMSA) continue to prepare for the management of Zika cases in California.
- Please see attached for the full report from CDPH

#### Drought Proclamation Continuance Resolution, Butte County

A Drought Proclamation Continuance Resolution for Butte County was received. There are no additional requests for State assistance.

#### Cal OES Law Enforcement Significant Activity

The Law Enforcement Branch is monitoring/deploying to several Presidential Candidate's Rallies throughout the State.

# CAL OES MISSIONS

## On-going Cal OES Missions

- **2016-LAW-22803, 05/24/16, 1200 hours**, Humboldt County Sheriff's Department (HCSD) requested resources to assist in locating the remains of a victim of a cold case homicide. HCSD is requesting (3) HRD search dog teams. This search will take place on Saturday, 06/04/16 at 0900 hours. California Governor's Office of Emergency Services, Law Enforcement Branch is coordinating the search dog response. **Mission On-going**

## FIRE ACTIVITY

### Cal OES Fire Preparedness Levels

National	Northern California	Southern California
Preparedness Level 1	Preparedness Level 1	Preparedness Level 2
	Multi-Agency Coordination System MACS Mode: 2	Multi-Agency Coordination System MACS Mode: 2

# Key Points
